Bulletin of Mathematical Biology

A journal devoted to research at the interface of theoretical and experimental biology

Volume 58, 1996

CONTENTS, AUTHOR AND SUBJECT INDEX

Official Journal of the SOCIETY FOR MATHEMATICAL BIOLOGY

ELSEVIER

BULLETIN OF MATHEMATICAL BIOLOGY

A journal devoted to research at the interface
of theoretical and experimental biology

Editor
LEE A. SEGEL, The Weizmann Institute of Science, Rehovot, Israel

Publication Board Chairman
ALAN S. PERELSON, Los Alamos National Laboratory, Los Alamos, NM

Associate Editors
ROY M. ANDERSON, University of Oxford, U.K.
J.-P. CHANGEUX, Institut Pasteur, Paris, France
PAULINE HOGEWEG, State University of Utrecht, The Netherlands
SIMON A. LEVIN, Princeton University, Princeton, NJ
DONALD LUDWIG, University of British Columbia, Vancouver, BC
HANS MEINHARDT, Max Planck Institute, Tübingen, Germany
EDUARDO MIZRAJI, Universidad de la Republica, Montevideo, Uruguay
JAMES D. MURRAY, University of Washington, Seattle, WA
FUMIO OOSAWA, Nagoya University, Nagoya, Japan
GARRETT M. ODELL, University of Washington, Seattle, WA
HANNA PARNAS, Hebrew University of Jerusalem, Israel
SHIMON ULLMAN, Weizmann Institute, Rehovot, Israel
MICHAEL S. WATERMAN, University of Southern California, Los Angeles, CA

Book Review Editor
MARK KOT, University of Tennessee, Knoxville, TN

Aims and Scope

The *Bulletin* aims to be of major interest to theorists and experimental biologists alike. An ideal article would be a symbiotic combination of theory and experiment. Also very welcome are papers that provide documentation of a purely theoretical advance together with a clear exposition of how this advance furthers biological understanding. For additional details see the Editorial Announcement on pp. i–iv of Vol. 49, No. 1.

Annual Subscription Rates

Annual Institutional Subscription Rates 1996: $700.00. Associated Personal Subscription Rates are available on request for those whose institutions are library subscribers. Prices include postage and insurance and are subject to change without notice. Members of the Society for Mathematical Biology may order personal subscriptions at a concessional rate and details of these rates are available on request. Subscription enquiries from customers should be sent to: Elsevier Science Inc., 655 Avenue of the Americas, New York, NY 10010-5107.

The *Bulletin* is the official journal of the Society for Mathematical Biology. An application form for Society membership can be found at the back of each issue.

Published in six issues per annum in January, March, May, July, September and November.
